

FRENCH PAY TRIBUTE TO U. S. ENGINEERS IN OFFICIAL REPORT

High tribute to the gallant conduct of the American army engineers in France who were caught in the German encircling attack on the British lines near Cambrai, is paid in an official communication from the French government. It says:

"We must remark upon the conduct of certain American soldiers, pioneers and workmen on the military railroad in the sector of the German attack west of Cambrai on November 30. They exchanged their picks and shovels for rifles and cartridges and fought with the English."

"Many died thus, bravely, arms in hand, before the invader. All helped to repulse the enemy. There is not a single person who saw them at work who does not render warm praise to the coolness, discipline and courage of these improvised combatants."

A personal recipe of an old Southern Family for Molasses Cake

Brer Rabbit Plantation Molasses Cake

"An after dinner treat. It is sure to be liked."

1. Mix two cups flour, one-half cup soda, one small spoon cinnamon, one-half cup chopped seeded raisins.

2. Cream gradually one-half cup butter and one-half cup sugar with two well beaten eggs. One cup Brer Rabbit Molasses and one cup milk.

3. Combine mixture. Bake in small pans, moderately. Good good with coffee, after lunch or supper.

More and more, the housewife is coming to the conclusion that the present problem of high prices can be solved satisfactorily by herself.

It's a case of buying with judgment and eliminating waste.

Here's a Brer Rabbit Molasses Cake that would well grace any table—yet observe how economical and easy it is to make.

Get a can of Brer Rabbit today and try this recipe. You needn't send South for Brer Rabbit, all good grocers now carry it in small, medium and large size cans.

As you won't use all the molasses in this can—see how well the children like it on bread, biscuits or pancakes.

Brer Rabbit is very wholesome—the U. S. Dept. of Agriculture shows in a comparative table, in Farmers' Bulletin No. 142, that there is greater fuel value, per pound, in molasses than in fish, steak, milk, bread, chicken or soup.
